The European Commission and the Agency do not accept any responsibility for the use that may be made of the information it contains.

DeFINE

is a collaborative project co-funded by the European Commission's COSME programme which aims to support the fusion of cutting-edge technologies and innovation with the European fashion and design industries. We are developing a network of incubators and accelerators, start-ups and SMEs, and financiers to form a European fashion-technology community where cross-sectoral knowledge is shared, ideas grow and transnational collaboration is nurtured.

Join Info Day Borås on March 21. 2019

DeFINE Info Days are a series of one day events taking place across Europe's traditional and emerging fashion-tech capital cities, to support communities within the fashion, technology and business sector.

During the Info Day, you will hear from fashion and technology experts discussing the latest trends and issues impacting the fashion-tech industry such as production, materials and technological partners to design, retail and marketing. Take the opportunity to network with fashion brands, technology specialists and business support experts.

Visit the Info Day Borås at Textile Fashion Center on March 21. 2019 and learn more about joining the free, online DeFINE network community, call for projects and applying for the eight-month business support Mentorship Programme.
